Thank you for your inquiry.

In the following we summed up the most important points to make our first business as smooth as possible.

First time customers have to pay in advance. On top of that a deposit has to be made.

The actual amount of the deposit is due to the scale of your inquiry. We will tell you the amount with our quote.

If you accept our quote we will create an invoice for prepayment. The amount has to be fully credited in our account before picking up the gear is possible.

The rental fee can only be paid via wire transfer in advance or via EC-Card in our shop.

The deposit can be made via wire transfer in advance, via EC-Card or cash in our shop. For the deposit, cash is prefered.

Cash payment of the rental fee, any payment with credit card, Paypal or alternative payment methods aren't accepted at the moment.

We'll need a valid copy of your ID Card. This is also the case for people who pick-up the gear on your behalf.

The actual ID Card has to be shown. Copy's are not accepted.

Please don't send money without request or without the prepayment invoice.

Days the gear is in use are charged with factor 1x. Travelling- and rollingdays are charged with factor 0.5x .

We don't charge for pick-up days (14:00 - 17:30 Uhr) and drop-off days (10:00 - 12:00 Uhr).

We're closed on Saturday and Sunday.

Shipment of your first rent has to be checked and can't be generally offered. Fully credited payment of the prepayment invoice and deposit is required to make the rent happen. The billing address can't be changed after the invoice has been paid. A short term change of the billing address to an unknown billing address isn't possible. Your rent can be canceled up to 48h before pick-up without costs. Any cancellation shorter than that results in cancellation fees. Please read our AGB's. For more information please feel free to contact us.
